Association Win Cases

Violation of the Tobacco Growers Cooperative Association contract in defiance of a restraining order to prevent the sale of his tobacco on the auction floor resulted on September 27 in a sentence of twenty days in jail for Will Evans of Wayne County, whose case was tried before Superior Court Judge M. V. Barnhill at Smithfield, N.C.

Evans, who has already paid a fine of $50 for contempt of court because he ignored a similar restraining order last year, is one of four tobacco farmers who have been fined or jailed this season for selling their crop on the auction floors in defiance of restraining orders.

More than thirty cooperative receiving points opened for the tobacco growers of Virginia and Western North Carolina Wednesday, October 1, with the highest advances ever paid by the association to its members in the old belt. These advances ranged from $32.50 down to $12.50 on the association's wrapper grades. Its advances on cutters ranged from $26 down to $12 on the first eight grades. The first five grades of lugs brought advances ranging from $10 to $4, and the primings from $9 to $4. Advances on the great majority of old belt tobacco reaching the cooperative warehouses have been materially increased, and the privilege of borrowing exactly half the amount of the first cash advance paid for each delivery has been accorded every member of the tobacco association in the three states.

Old C. H.

On Saturday night, September 27th, a large and representative crowd of Democratic voters organized a Davis-Bryan-Tucker Club at Old Courthouse Precinct:

E. M. Drinkard was elected president, S. G. Smith, Secretary and Treasurer: F. A. O'Brien, S. A. Ferguson, J. A. Carter and C. W. Mitchell, vice presidents.

It was decided to have a dinner on election day and thirteen of these present promised to bring baskets. A dinner committee, a large transportation committee of gentlemen who promised to help haul the vote out on election day and a registration committee were appointed and all those present were appointed on a committee to enthuse the Democrats of the precinct and get out a full vote for the Democratic ticket. A committee on arrangements was appointed for dinner.

The club adjourned to meet again on Saturday night, October 11th, at 7:30 P. M.

Wasted Allowances

Tutor—Of course, I admit your son is extravagant. But you must make allowances. He's young." The Father—"That's all right! But the more allowances I make the quicker he spends 'em."—Stray Stories.

A Mystery

Nobody has yet discovered why it is that automobile drivers find it impossible to slow down for half a minute at a railway crossing. Folks used to be able to get along fairly well when it took several hours to travel a few miles.

Money Crops to Feature State Fair Agricultural Exhibits

One Of The Winning County Exhibits At 1923 Fair

RICHMOND, VA.—Bookings of exhibits for the Annual State Fair this Fall indicate the greatest showing of farm products in the history of the Association. The exhibits will feature the "Money Crops" of the various sections of the State, in which at least four crops will be represented. Premiums aggregating $32,000 will be awarded for county exhibits alone, and all available space has been taken. Several thousand dollars have been spent in rearranging and decorating the agricultural building for a better showing of the exhibits.

Counties which have been allotted space include—Buckingham, Carroll, Chesterfield, Grayson, Hanover, Hampton, Mecklenburg, Nansemond, Orange, Princess Anne, Prince William, Rockbridge, Spotsylvania, Sussex, and Rappahannock.

The Fair opens Monday, October 6, and continues through October 11. All railroads will offer special excursion rates to Richmond for the week.

A Free Trip to Richmond During Fair Week!

YOU NO DOUBT plan to attend the Virginia State Fair, which opens next Monday.

If you have thought of buying a Piano or Player-Piano, here is an opportunity to get one at the best possible advantage—*and a free trip to Richmond at the same time:*

So many out-of-town people wrote us asking for prices, terms, etc., during our *Store-Wide Sale of Cable-Made Pianos* which closed last week, that we were unable to properly look after all the requests.

A good many of our out-of-town friends will come to Richmond for the Fair and we have decided, for their benefit, to continue the REDUCED PRICES of our *Store-Wide Sale* through the week of the Fair.

In addition, we will allow anyone who purchases a Piano or Player-Piano during the week the full amount of their railroad fare to Richmond and return home.

This is an opportunity that no one thinking of buying a Piano can afford to over-look! It offers the advantage of a *Personal Selection* from the largest stocks of standard, well-known instruments in the South; the savings of the *reduced sale-prices*; and the further saving of the *railroad fare refund.*

We also have on hand a number of unusual bargains in Slightly Used and Second Hand Pianos and Player-Pianos, priced as low as $95.

Convenient Payment Terms Arranged

Come to see us during Fair Week—and be sure to clip this advertisement now to identify you as an out-of-town visitor. It is good for your round-trip fare—*during week of October 6 to 11 only*—if you decide to buy a Piano or Player-Piano.

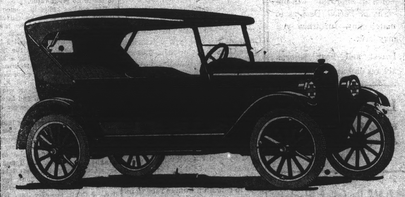
Health Insurance for the Whole Family



CHEVROLET

Without counting the daily utility of a Chevrolet for going back and forth to work, shopping or taking the children to school, etc., its value in saving doctor's bills, broadening your mental horizon and keeping the whole family physically fit, amounts to more than the cost of the car and its upkeep. It is more of an essential to the modern family than anything else but a home. Chevrolet meets the requirements of the modern family because it is economical to buy and maintain, because of its excellent appearance and riding comfort, because it can be depended upon, and because it is so easy to drive that any member of the family can use it.

All of these gentlemen are experts in their line of endeavor, and all sold to the principle of marketing farm products coop ratively. Come and hear these speakers if you are a member; come and hear them if you are not a member.

Balloon Race

A drifting balloon the "Detroit" carrying two passengers was brought down at old Gonnella postoffice on the border near the Appomattox - Buckingham line this morning by W. T. Austin and several others. The balloon was floating low and the occupants, Herbert Thader and Walter Morton, yelled to Mr. Austin asking to be pulled down. The men on the ground crught a rope and lowered the craft.

The two men said the balloon was set adrift Tuesday at Washington Courthouse, Ohio, along with two others to see which would drift the farthest. After landing the fliers hurried to the nearest railway station to catch a train back home.

The occupants of the balloon reported that the long flight was made without incident save when the dangling ropes caught in brush while crossing Sheath's mountain along the James river. Some of this foliage was still tangled in the ropes when the craft was brought down.
